

Verdis Polaris™

Description

- Verdis Polaris™ is a renewable fuel of highest quality with very good performance, even in cold climate
- Based on rapeseed oil (canola excluded)
- Exceeds EN 14214 specification requirements
- Biologically degradable
- Environmentally and socially sustainable
- Greenhouse gas savings 63 %

Sales specification

Monoglyceride content, m/m %	Max. 0.30
Cloud Point, °C	-4
CFPP, summer/winter	-11/-20

Typical properties

Purity, ester content, m/m %	98
Methanol, m/m %	0.10
Water, mg/kg	50
Total contamination, mg/kg	8
Cetane number	52

CAS no.: 67762-38-3
EC (EINECS) no.: 267-015-4

Valid from: December 1, 2009
Supersedes: New
